Join us for an epic adventure to one of America's most stunning national parks! EUREKA!'s Environmental Institute is journeying to Yosemite National Park this summer for 6 days and 5 nights. We will be hosted by a park partner, 'NatureBridge', and stay in their rustic cabins at the National Environmental Science Center. From there, we will learn about the subalpine ecosystem, explore among the awe-inspiring granite walls, dive into the cultural and geologic history of the area, and grow our leadership skills on this unforgettable trip to the High Sierra!
